Your School recognizes the risks students and faculty may face while traveling or living abroad. Through your Student Insurance Plan, you have On Call Global Assistance services to ensure you have access to immediate high quality support in the event of an emergency when you are away from home.

As a participant in this program, you have access to the services listed on following page when you are on a school related trip or assignment. Services range from telephone advice when you just need information or are not sure what to do, referrals to vetted providers to full-scale evacuations. On Call operates 24 hours a day, 365 days a year from its Global Response Center in Salem, New Hampshire. On Call is a core partner in a network of 56 assistance providers based worldwide but you will only need to communicate with the US based Global Response Center - all the coordination with internationally based Response Centers is done for you behind the scenes so you don’t have to worry about unfamiliar cultures and customs.

In the event of an emergency, you can contact On Call’s 24-hour Global Response Center using the phone number on attached membership card to get immediate advice and assistance. On Call accepts all collect calls. One phone call connects you with a team of multilingual specialists for immediate help in an emergency, no matter how large or small.

On Call wishes you safe and healthy travels!
Access to the following services is included in On Call memberships. Certain services have an insured benefit amount associated with them and some may have 3rd party costs that are not insured, these are marked with an asterisk (*) and On Call will request a credit card authorization from Member or Member’s family in order to provide the service requested.
